Freestanding iPad Stand

Black: PAD12-02A-BLACK
White: PAD12-02A-WHITE
Silver: PAD12-02A-SILVER

The Freestanding iPad Stand is a smart, lightweight and portable holder used to display the iPad 2nd, 3rd or 4th generations. It can be positioned in either portrait or landscape configurations. Security screws, allen key and bolts make the unit both durable and theft resistant. For extra security, the base can also be bolted to the floor.

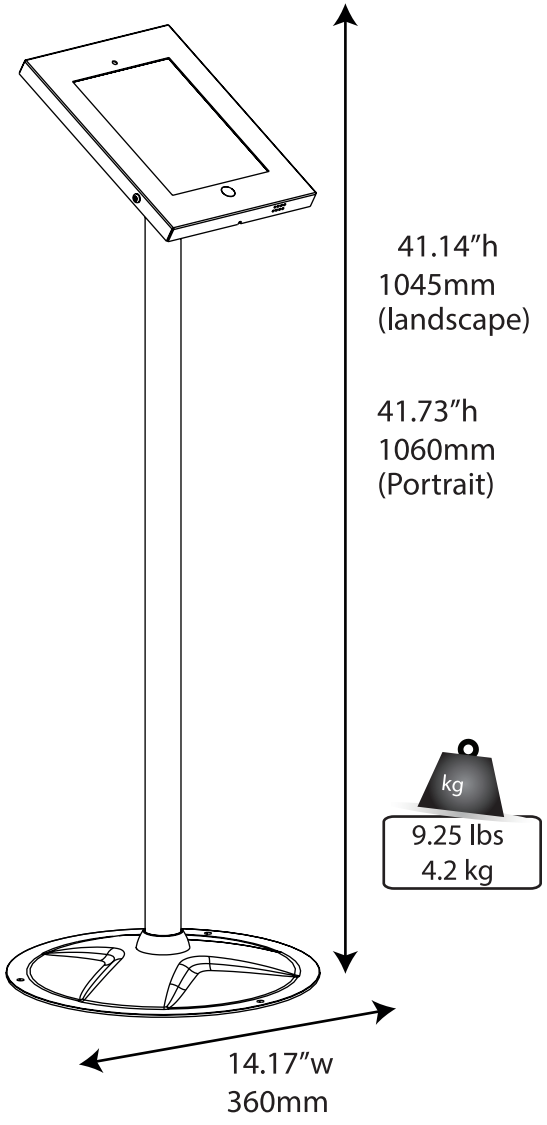
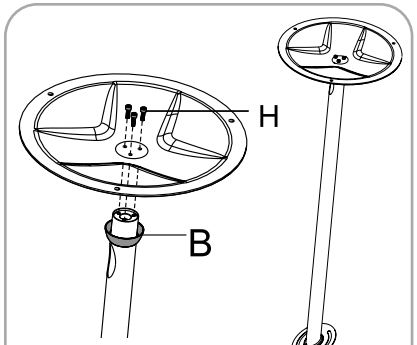
F	front cover	1

Part No. / Description		Qty
G	M5x8(tamper-proof screw)	4
H	M5x20	3
I	Φ13.5xΦ5.5x3.2	2
J	TORX tool	1
K	ST6.3x55	3
L	Concrete anchor	3
M	Turn-knob	1
N	D5 washer	2

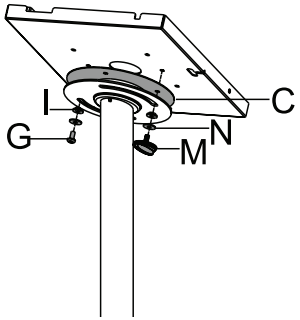
*Parts B, C, G-N are packaged together in 1 bag



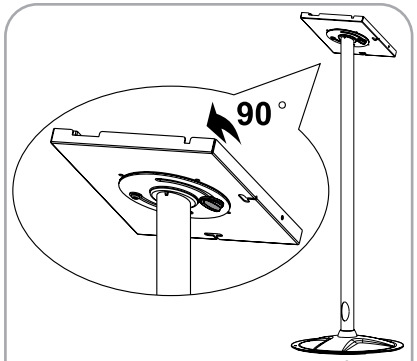
Set-up:



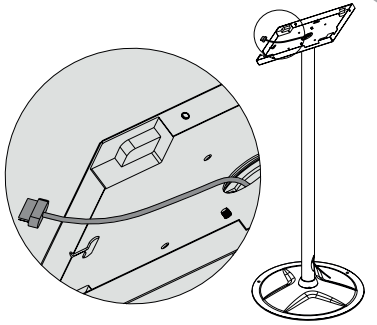
Secure plastic cover and base onto pole using provided bolts. 1



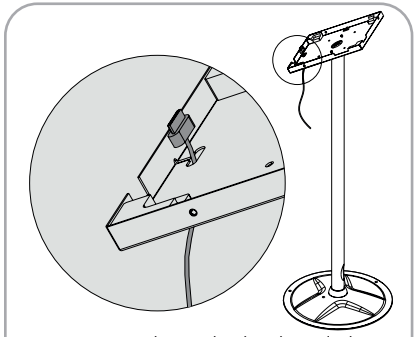
Secure rear cover, large plastic disc, and washers with tamper proof screws to pole and base. 2



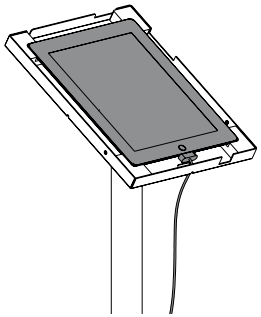
Rotate rear cover 90° clockwise for landscape view and tighten screws. 3



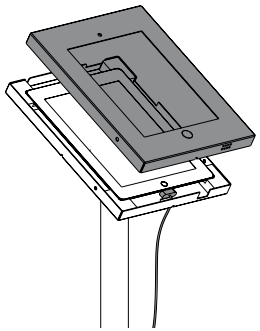
If power cord is desired, either place behind holder then inside pole or outside rear cover (see step 5). 4



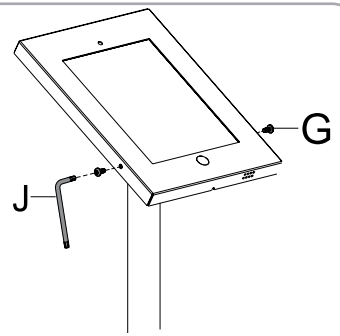
Power cord can also be threaded through rear cover and exposed in front of iPad stand. 5



Once power cord is in place (if desired) place iPad into rear cover. 6

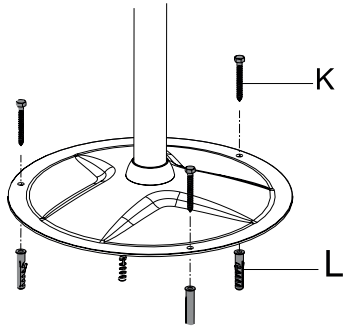


Attach front cover. Rubberized push button or black button cover can be added at this time. 7



Use tamper proof key to secure tamper proof screws on both left and right sides. 8

Optional Base Attachment:



If desired, for extra security base can be bolted to floor by using concrete anchors and threaded screws. 9
